

For sale The World's Largest Inventory of N.O.S. Avanti Parts

Nostalgic Motor Cars has the largest inventory of 1963-85 New Original Stock Avanti parts in the world.

So you can be assured the parts are correct in appearance and fit. We do sell a few reproduction parts, but we tell you it's a reproduction. We do not sell reproduction parts using the original part numbers.

We have New Original Stock 1963-85 Avanti parts that haven't been available from anybody else, for decades!

For over 45 years, our only business is 1963-85 Avantis, not Studebakers, but just exclusively 1963-1985 Avantis. New and Used Avanti Sales, N.O.S. Avanti parts and complete in house service, exclusively.

- Avanti Motors Authorized Service Center since about 1968
- Complete Body and Collision Shop for Avantis
- Body and Frame Restoration
- Complete Interior Work
- We grew into Avanti Motors Largest, Full Service Avanti Dealership and did more factory new car warranty work than anybody else.
- Licensed Used Avanti Motors Dealership
- **Licensed, franchised New Avanti Dealership since 1981, I was never an associate dealer.**
- Avanti Motors Largest Stocking Parts Dealership, 2nd only to them.
- On November 9th 1989 Nostalgic purchased the parts division from Avanti Motors, including all original tooling, dies, blue print, purchase records, part numbers and etc. Then we became the world's largest supplier /manufacturer of N.O.S. Avanti Parts.

- We purchased all the original build sheets, inspection tickets, and dealer invoices with the exclusive right to all other copies for 1963-64 Studebaker Avanti and 1965-1985 Avantis They're called, "The Nostalgic Born Reports"

We have done all this without much advertising, just like Avanti Motors did under the Altman ownership, that's how we have become The Best Kept Avanti Secret.

All my 45 years of Avanti Service/parts knowledge, comes free with the purchase of parts from Nostalgic Motor Cars. Most of all, You will probably be pleasantly surprised at the prices, commonly lower than reproduction parts.

Our website is NostalgicMotorCars.net where you can now order parts, 24/7/365, view insightful tech articles, browse our used car inventory, search by part numbers, illustration numbers, phrasing and even groups.

This is a huge undertaking, due to our vast inventory, and limited time. Please be patient, as only a very small fraction, of our inventory is currently listed, if you don't see what you're looking for, you're welcome to give us a call. Don't forget to sign up for our newsletter while you're there.

We've had a tremendous positive response from Avanti Owners about my article on how to install a N.O.S Avanti dash pad for 1963-85 I have promised our customers that I will write between 2-4 How to Avanti Articles for each issue of the Avanti Magazine. This allows for the average person, or a repair facility to better understand how a part and/or parts are to be installed, the easy and correct way, and you may be able to do it yourself.

Help increase the value of 1963-1985 Avantis by using New Original Stock Parts, instead of reproduction parts.

NostalgicMotorCars.net

Avantis For Sale by the World's Oldest & Largest Avanti Dealership, for over 50 Years

1983 Avanti Dark Red with Bisque Leather Interior

Recaro front seats, wood dash & console, tilt, cruise (don't know if it works) a/c needs to be charged. Electric windows and door locks, left and right factory chrome mirrors, aluminum aftermarket 7" x 15" wheels, 4 new tires, 700 R4 auto overdrive transmissions, P.S., P.D.B., moon roof, which will have to be eliminated. I will include an N.O.S. roof skin, part #1350250 valued at \$600.00 with purchase of this Avanti. I wrote an article for the Avanti Magazine on how to eliminate the moon roof. See the article on our web site NostalgicMotorCars.net

Nardi steering wheel (which needs to be refinished). The odometer shows 116,480 miles. The original 305-v-8 155 H.P. is gone and has been replaced with a new GM Crate 350 motor with about 7000 miles on it. GM Rated this 350 crate motor @290-300 H.P. Runs like a top, lots of new parts have been put on this Avanti over the last few years. Which includes new brakes, new exhaust, new carpet. The customer I purchased it from owned it for about 8 years. The most important aspect, other than the new GM 290HP 350 is the underside. This must have been a souther car or western car as the underside is absolutely fantastic. No replacement aftermarket hog troughs or rusted hog troughs. The frame is also without rust. It's had in it's life a coating like Ziebart, applied to the underside. Not to cover up major rust problem, like others do, but more to preserve it from rust. When an Avanti's underside is this clean, it is in the top 5% of Avantis, which makes it quite rare. It's had a repaint, probably 20-25 years ago. The paint does have checking, all over the car, that's to be expected with age and a fiberglass body.

An EXCELLENT Buy at \$23,950 with an undercarriage that is this original and clean.

This Avanti is in the top 5% of all the Avantis in the world. See more pictures of this 83, and other Avantis for sale on our web site, or call for details

The world's finest N.O.S. Studebaker Avanti, and Avanti dash pads with glove box door pads, are

NOW AVAILABLE!

Exclusively from Nostalgic Motor Cars.

These incredibly pliable, accurate fitting works of art, were made from the original Studebaker Avanti tooling / blue prints. (Parts that are made from the original tooling / blue prints are **NEW ORIGINAL STOCK**, or N.O.S.) These are not the reproductions, being sold by others and using the factory part number, that are not pliable and easy to install like the originals.

After 3 years of not getting special foam needed, because of the pandemic, they are now available again, for the same price

Read how EASY it is to install these N.O.S. Dash Pads Issue #189 or see Tech Articles on our Web Site

Correct Fawn Vinyl, Not Dyed

Door Pad Part # 1350523x1

The only Avanti Dash Pad ever made correctly since 1983.

Manufacturers original blue prints will specify the correct types of materials to be used. The original tooling with correct materials, will produce a correct, and accurate fitting, looking, feeling and pliable dash pad with outstanding detail. Reproductions have to be guessed as to what type of materials to use and all the dimensions needed. If you didn't already know, Nostalgic Motor Cars purchased the Avanti Motors, parts division on November 9, 1989, which included all the original tooling, blue prints, part numbers and etc.

Prices do not include shipping

N.O.S. Incredibly pliable sun visors

Visit our web site for detailed information, and FAQ about these beautiful dash pads.

Notice how incredibly soft and pliable the original dash pads were when the Avanti was new!

Raymond Loewy Prints and Portfolio

Available Exclusively from Nostalgic Motor Cars

Truly one of the most unique tributes to fine automotive design

Raymond Loewy Portfolio Only 1000 Produced, remaining supply is very limited \$295.00

- Includes Four prints each hand signed and numbered by Raymond Loewy,
- 3 page letter, on Mr. Loewy's own personal (embossed logo) stationary,
- One double sided addendum (17" x22") ,
- Enclosed in a very unique, large, folio envelope with a gold foiled Raymond Loewy Signature and Studebaker logo.

\$35.00

\$35.00

\$35.00

\$25.00

These individual prints are over runs of the prints, for the portfolio. They had the over runs as a safety net, as Raymond Loewy and the Bleifeld Group didn't want anything but the best possible prints for the 1000 portfolios. All the prints went through the four complete print proofing. Only this group of superb prints were ready for Loewy to sign, though these never got signed. The Bleifeld Group held the over runs in case some got damaged in shipment. The less than superb group (rejects) surfaced a few years back, and were sold by others.

Individual Prints *Prices shown above each print*

These are not copies, or rejects, like others have sold, but the real deal. They have been in their original packaging, since 1974. Prints Measure 17" x 22"

Set of 4 Prints All 4 prints \$ 110.00

- Red 1963 Avanti
- Gold 1963 Avanti
- Red 1953 Starliner
- Blue of Loewy's Personal Town Car

Quantities are Limited, when they're gone, they're gone forever!

Prices do not include shipping
