

# For sale The World's Largest Inventory of N.O.S. Avanti Parts

Nostalgic Motor Cars has the largest inventory of 1963 through 1985 New Original Stock Avanti parts in

the world. So you can be assured the parts are correct in appearance and fit. We do sell a few reproduction parts, but we tell you it's a reproduction. We do not sell reproduction parts using the original part numbers.

We have New Original Stock 1963-85 Avanti parts that haven't been available from anybody else, for decades!

For over 45 years, our only business is 1963-85 Avantis, not Studebakers, but just exclusively 1963-1985 Avantis. New and Used Avanti Sales, N.O.S. Avanti parts and complete in house service, exclusively.

- Avanti Motors Authorized Service Center since about 1968
- Complete Body and Collision Shop for Avantis
- Body and Frame Restoration
- Complete Interior Work
- We grew into Avanti Motors Largest, Full Service Avanti Dealership and did more factory new car warranty work than anybody else.
- Licensed Used Avanti Motors Dealership
- **Licensed, franchised New Avanti Dealership since 1981, I was never an associate dealer.**
- Avanti Motors Largest Stocking Parts Dealership, 2nd only to them.
- On November 9, 1989 Nostalgic purchased the parts division from Avanti Motors, including all original tooling, dies, blue print, purchase records, part numbers and etc. Then we became the world's largest supplier /manufacturer of N.O.S. Avanti Parts.

- We purchased all the original build sheets, inspection tickets, and dealer invoices with the exclusive right to all other copies for 1963-64 Studebaker Avanti and 1965-1985 Avantis They're called, "The Nostalgic Born Reports"

We have done all this without much advertising, just like Avanti Motors did under the Altman ownership, that's how we have become The Best Kept Avanti Secret.

All my 45 years of Avanti Service/parts knowledge, comes free with the purchase of parts from Nostalgic Motor Cars. Most of all, You will probably be pleasantly surprised at the prices, commonly lower than reproduction parts.

Our website is **NostalgicMotorCars.net** where you can now order parts, 24/7/365, view insightful tech articles, browse our used car inventory, search by part numbers, illustration rationration numbers, phrasing and even groups.

This is a huge undertaking, due to our vast inventory, and limited time. Please be patient, as only a very small fraction, of our inventory is currently listed, if you don't see what you're looking for, you're welcome to give us a call. Don't forget to sign up for our newsletter while you're there.

We've had a tremendous positive response from Avanti Owners about my article on how to install a N.O.S Avanti dash pad for 1963-85 I have promised our customers that I will write between 2-4 How to Avanti Articles for each issue of the Avanti Magazine. This allows for the average person, or a repair facility to better understand how a part and/or parts are to be installed, the easy and correct way, and you may be able to do it yourself.

Help increase the value of 1963-1985 Avantis by using New Original Stock Parts, instead of reproduction parts.

## Avantis For Sale by the World's Oldest & Largest Avanti Dealership, for over 50 Years

### 1982 Avanti - Peugeot Ivory with Tan Leather Interior

This 1982 Avanti is basically fully loaded with most all the options that Avanti offered; Recaro seats, tan leather interior, power windows, power door locks, cruise control, tilt, tinted glass, electric trunk release, luggage rack, big Blaupunkt 3001 radio w/cassette, power steering power disc brakes, electric windows, magnum 500 chrome wheels, right fixed outside mirror. Moon roof (does not leak), intermittent wipers, factory C.B. radio, Italian Ash wood dash and console, same carpet in trunk, factory under coated.

The original 305 V-8 with its automatic overdrive transmission only have 25,500 original miles. The air conditioning has been converted to 134A with a rebuilt compressor and new dryer. The chrome is in fantastic condition. The 41 year old original Peugeot Ivory lacquer paint will need to be repainted as it has the usual checking and chipping, associated with old lacquer paint. This is a souther car, with a fantastic underside. No replacement, aftermarket hog troughs or rusted hog troughs.

This is a very rare opportunity, to purchase an unmolested 41 year old Avanti with only 25,500 original miles! It is also in the top 5% of all the Avantis in the world, with undercarriage that is this original and clean.

An EXCELLENT Buy at **\$39,000** with an undercarriage that is this original, and clean.

**The original unmolested condition, puts this Avanti in the top 5% of all the Avantis in the world. See more pictures of this 1982 Avanti, and other Avantis for sale on our web site, or call for details**

## 1981 Avanti FOR SALE

This is an extremely clean and outstanding 1981 Avanti, that I own personally. 305-v8-Auto 52,761 miles British Racing Green, very nice paint. Tan/leather Recaro seats, moonroof (doesn't leak), tilt, cruise control, A/C, P.W., P.DL, Italian Ash wood, aftermarket Sanyo cassette radio, new true dual exhaust system (no catalytic converter), 4 new American Torque Thrust aluminum wheels and 4 new tires. The original dash pad has a couple of small cracks. Included with the sale is the World's finest dash pad part number 1350520, which is made by me, Nostalgic Motor Cars. It is very easy to install. They cost \$2000 but it is included. No replacement or rusty hog troughs or frame issues. No fresh black paint or undercoating, hiding rust, or rust repairs, they're original with some surface rust and original black paint, which is what you want to see on the underside of a 1963-1985 Avanti, which puts it in the top 5 percent of Avantis in the world: \$29,750.

**248-349-4884**

The world's finest N.O.S. Studebaker Avanti, and Avanti dash pads with glove box door pads, are

**NOW AVAILABLE!**

**Exclusively from Nostalgic Motor Cars.**

These incredibly pliable, accurate fitting works of art, were made from the original Studebaker Avanti tooling / blueprints. (Parts that are made from the original tooling / blueprints are **NEW ORIGINAL STOCK**, or N.O.S.) These are not the reproductions, being sold by others and using the factory part number, that are not pliable and easy to install like the originals.

After 3 years of not getting special foam needed, because of the pandemic, they are now available again, for the same price

Read how EASY it is to install these N.O.S. Dash Pads Issue #189 or see Tech Articles on our Web Site

Correct Fawn Vinyl, Not Dyed

Door Pad Part # 1350523x1

The only Avanti Dash Pad ever made correctly since 1983.

Manufacturers original blueprints will specify the correct types of materials to be used. The original tooling with correct materials, will produce a correct, and accurate fitting, looking, feeling and pliable dash pad with outstanding detail. Reproductions have to be guessed as to what type of materials to use and all the dimensions needed. If you didn't already know, Nostalgic Motor Cars purchased the Avanti Motors, parts division on November 9, 1989, which included all the original tooling, blueprints, part numbers and etc.

Prices do not include shipping

N.O.S. Incredibly pliable sun visors

Visit our web site for detailed information, and FAQ about these beautiful dash pads.

Notice how incredibly soft and pliable the original dash pads were when the Avanti was new!
